

## Zees for Zees Requirements

To qualify to receive funds from the Zees for Zees Fund the following must apply.

- ❖ A minimum of 90 days up and running in the system is required to qualify for aid. This means full operation, not just start date. The objective is get their feet wet so they know what questions to ask and what meetings to attend while at reunion.
- ❖ The franchisee may have to pay their own registration fees (if fees apply) to the event requesting funds for.
- ❖ The person(s) receiving the aid must be named on the franchise agreement.
- ❖ The franchise receiving funds must be in compliance with current MSA reports, pay plans, insurance and tax returns.

Deadline for applications to receive funding is 30 days prior to event. Aid recipients will be notified via email as quickly as possible thereafter.

The applications must be filled out by the franchisee or Franchise Consultant and are located on Franconnect in the Library. The applications should be mailed or emailed to Zees for Zees Fund:

C/O The Grounds Guys Zees 4 Zees  
Attn: Dianna Worthington  
1010 University Parks Drive  
Waco, TX 76707

Or email [Dianna.worthington@dwyergroup.com](mailto:Dianna.worthington@dwyergroup.com)

The amount of aid to be covered per franchisee is to be determined by the number of applicants on an as needed basis. For example: If only two applications are received by deadline dates, more of their complete trip will be funded.

In order to be considered, you must agree to stay for the entire corporate event and participate in all classes offered. The funds will be provided to the qualifying recipient at the end of the last day's events.

Any Zee can only receive funds twice total. After Zee has received this assistance, they can no longer qualify to receive funding again.

Franchisees that are past award recipients will be urged to repay help in the form of service. ie monitoring a future fund-raising booth, serving on this committee, etc. It should be known that there may be several applicants. The more information we have the better choice we can make to award aid.
